

Twin Lake Lodge

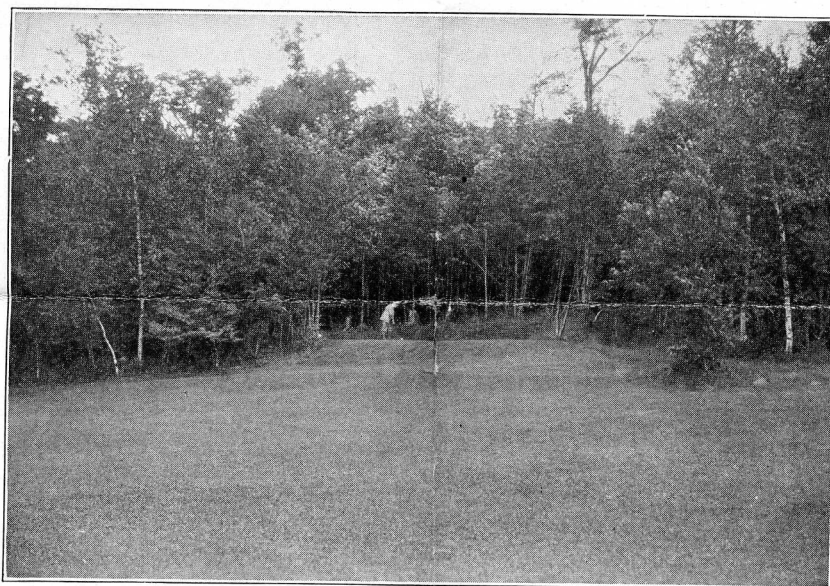

We have on hand small cars, canoes and camp equipment for those who desire to camp out on these fishing trips. Experienced guides are constantly on hand and trained to make you comfortable on any fishing trip.

Wisconsin has ten thousand miles of trout streams, and the bulk of them are in this region.

TWIN LAKE LODGE is beautifully located on the south shore of Little Twin Lake, six miles from Phelps, Vilas County, Wisconsin; twelve miles from Eagle River, on the C. & N. W. Ry., or state trunk auto highways. If you motor to Twin Lake Lodge drive north on any northbound highway to Eagle River, Wis., then north four miles on Highway 26 to county Trunk P to the lodge twelve miles distant.

We assure our guests excellent home cooked meals and the best of beds.

Fishing will be found as good here as anywhere in this locality and Twin Lakes are noted for their muskellunge as well as small game fish, pike, pickerel and bass. Fly casting on Little Twin for green and black bass affords excellent sport.

FOR those who do not care to spend all their time fishing, this place affords other lines of recreation. A tennis court has been built and a golf course is maintained on the resort grounds.

This course, while small, is sporty and well kept as the accompanying pictures reveal. A small charge is made to our guests for the use of this course. There are numerous golf courses in close proximity to the resort.

Then there is hiking, boating, bathing and we have one of the best and safest beaches in this section. There are wonderful drives as this section has very good roads that

lead through forests and to the shores of many beautiful lakes.

THIS Resort has become noted as a trout fishing camp and a great many guests have become excellent trout fishermen. Fifteen streams offering good fishing, stocked with speckled, German Brown and rainbow trout, are reached by less than an hour's auto drive from the lodge. There are other trout streams and one can fish a different stream each day for thirty days and be within a two hours drive from the resort.

The three larger pictures shown here are views of our golf course.
